#### Step-1: Team Gathering, Collaboration and Select the Problem Statement

### Brainstorm & Idea prioritization

Use this template to brainstorm ideas for your project. The template is divided into three sections: **Problem Statement**, **Idea Generation**, and **Idea Prioritization**. The **Problem Statement** section is where you define the problem you are trying to solve. The **Idea Generation** section is where you brainstorm ideas for solving the problem. The **Idea Prioritization** section is where you rank the ideas based on their feasibility and potential impact.

- 1. Define the problem statement.
- 2. Brainstorm ideas.
- 3. Prioritize ideas.

**Problem Statement**

What is the problem you are trying to solve?

How is the problem currently being solved?

What are the challenges of the current solution?

What are the goals of your project?

**Idea Generation**

What ideas do you have for solving the problem?

How do you think your idea will be implemented?

What are the potential benefits of your idea?

What are the potential risks of your idea?

**Idea Prioritization**

How do you think your idea will be implemented?

What are the potential benefits of your idea?

What are the potential risks of your idea?

#### Step-2: Brainstorm, Idea Listing and Grouping
